Gentlemen,

I want to take a moment to offer my greatest thanks for your making last week's "virtual" 'Wick Annual Fund Phonathon such a resounding success.

Your commitment to a strong and solid launch for the fund in a very challenging year has resulted in a far more successful Phonathon than any in recent memory: Gifts from those with whom you spoke are now arriving in record numbers.

It's clear: Your focus on the Annual Fund's essential role in fueling our "Power to Pivot" has really inspired many families to step up and show their early support for 'Wick.

A "virtual" crew of 40 strong this year, you've each brought such dedication and enthusiasm to the effort on behalf of your sons, their teachers, and our school. I know it hasn't been easy. But please be assured: Right out of the gate, you've helped to make a big and very positive difference!

I deferred in sending this note because I wanted to include reference to total dollars raised that accounted for as many gifts as possible, and gifts still continue to stream in every day. As of today, during these last two weeks, more than \$520,000 has been raised for the 'Wick Annual Fund — a truly record-setting accomplishment.

So, once again, thank you for all you do for our boys and for your efforts on behalf of this year's 'Wick Annual Fund!

With my sincerest gratitude,

Tom
