

Annual Fund Giving: How your gift makes a difference.

At The Miami Valley School, we believe that philanthropy supports humanity and humanity supports education. Our mission as a school is *to challenge young people of promise to become self-sustaining learners and compassionate global citizens.*

Support of the MVS Annual Fund makes an essential difference and contributes to the transformational experiences of our students, faculty, and staff. Each year, the Annual Fund supports both general operations of the school as well as initiatives in the following areas:

SUPPORT FOR YOUNG PEOPLE OF PROMISE

- Individualized college counseling that seeks the best fit for each student
- Comprehensive community service-learning programs that benefit students and the surrounding region
- Expanding opportunities in all academic fields
- Support for facilities and technology upgrades
- Diversity initiatives

SUPPORT FOR SELF SUSTAINING LEARNERS

- Visiting scholars, authors, and innovators who inspire students and teachers
- Symposiums and speakers for parents, teachers, and students
- Professional development opportunities for faculty and staff
- Social and emotional learning training for faculty
- Support for student competitions and attendance at national conferences
- Advancement of the Immersion method

SUPPORT FOR COMPASSIONATE GLOBAL CITIZENS

- World language courses beginning in early childhood (Mandarin, French, and Spanish)
- Outdoor education with Zorniger Lab, gardens, and outdoor exploration
- Immersion learning programs throughout each division
- Immersion scholarships

When you make a contribution to the annual fund, our entire community benefits from your generosity. Your gift is not only a testament to what The Miami Valley School has meant to you and your family, but also an investment in our school's commitment to excellence - past, present, and future. Please consider giving to the Annual Fund this year. Thank you!

HERE, WE BECOME.
