

02.  .2020

Leap day: An extra day added to synch the calendar year with the solar year.

An astronomical event.

A bonus day for Berkeley.

Join Chancellor Carol Christ, campus and volunteer leaders, and students and faculty to leap into UC Berkeley's next campaign — and a new era of philanthropic victory.

Expect an evening of camaraderie, entertainment, learning, and exclusive experiences. This campaign, more than any before, has the potential to change the trajectory of our university and world.

Formal invitation to follow.
